hosted by:

# Become a partner and sponsor of the International Non-GMO Summit 2024!

**Put your company and your sustainability commitments in the focus of the Non-GMO business community!**

- The second edition of the successful International Non-GMO Summit aims to bring together **supply chain actors** from South America and Europe to share information on the latest developments, availability and production needs of non-GMO crops. The entire supply chain will be present to discuss their latest developments on new genomic techniques, sustainability, deforestation commitments and GMO-free strategies.
- **Showcase your products**, projects, and services to **leading market players**. Sponsoring or exhibiting at the Non-GMO Summit 2024 offers unique opportunities to positively expose your brand and effectively build product awareness across Europe.
- Exploit the diverse opportunities of our sponsoring and exhibition packages, for **reaching out to relevant players** on the market.

# 5 Good reasons

## to support the International Non-GMO Summit 2024

- **Gain recognition** for your products and your services: Promote your Non-GMO product portfolio and/or your services to the Non-GMO business community.
- **Shape the European market** together with us: Participate in and support the discourse on how to optimally strengthen and secure the Non-GMO market.
- **Be part of the change:** Demonstrate your achievements and commitments towards a truly sustainable food and feed production.
  - **Be seen and present yourself:** Increase your brand impact and reach key players of the Non-GMO business community in an exclusive surrounding.
  - **Expand and strengthen your network:** Connect with leading players on the Non-GMO market, key influencers and decision makers brought together at one event.
