Become a partner and sponsor of the International Non-GMO Summit 2023!

Put your company and your sustainability commitments in the focus of the Non-GMO business community!

- ✓ The first International Non-GMO Summit brings together **producers and traders from South America and Europe** and at the same time leading retailers and food brands – in order to **build bridges** and establish stable, fair and long-term value chains for sustainably produced crops in Europe and overseas, and to ensure the **availability of Non-GMO and conversion-free products**.
- ✓ **Showcase your products**, projects, and services to **leading market players**. Sponsoring or exhibiting at the Non-GMO Summit 2023 offers unique opportunities to positively expose your brand and effectively build product awareness across Europe.
- ✓ Exploit the diverse opportunities of our sponsoring and exhibition packages, for **reaching out to relevant players** on the market.

5 GOOD REASONS

to support the International Non-GMO Summit 2023

- 1. Gain recognition** for your products and your services: Promote your Non-GMO product portfolio and/or your services to the Non-GMO business community.
- 2. Shape the European market** together with us: Participate in and support the discourse on how to optimally strengthen and secure the Non-GMO market.
- 3. Be part of the change:** Demonstrate your achievements and commitments towards a truly sustainable food and feed production.
- 4. Be seen and present yourself:** Increase your brand impact and reach key players of the Non-GMO business community in an exclusive surrounding.
- 5. Expand and strengthen your network:** Connect with leading players on the Non-GMO market, key influencers and decision makers brought together at one event.
